

Tad Williams is writing AQUAMAN!

Arthur Joseph Curry has taken on the mantle of Aquaman. He started his heroic journey with companions Orin (the sorcery-addled former Aquaman) and the murderous King Shark. Now he must continue to learn the hard lessons of the vast undersea world. In the ruins of Atlantis, will Arthur and his new allies be able to stand against the threat of the Deep Church? Can an untried boy fight the weight of the ocean and its history, or will he be swept away?
