Numen is the most popular being in the universe, a god clogging all social channels. And he does not like competition. This means Superman and Lobo must go. After defending the seven seas for eight decades, it's time to throw Aquaman a party! This all-star-filled anthology spans across the ocean king's legacy, not just celebrating his own triumphs, but also those of his greatest allies and enemies. We look at his ongoing romance with Mera, his bitter rivalry with Black Manta, his brotherly conflict with Ocean Master, and the inspiration he lends to younger heroes like Tempest and Jackson Hyde, the newest Aqualad.

It would not be an Aquaman celebration without also looking at how he's changed over the years, including a brand-new tale of Bombshells Aquaman.

This special brings together Aqua talent past, present, and future, including reuniting fan-favorite creative teams such as Geoff Johns and Paul Pelletier, Dan Jurgens and Steve Epting, alongside Dan Watters and Miguel Mendonca. Plus, two of the stories are prequels to two new Aquaman miniseries launching in September, kicking off another 80 years of undersea adventure!

Harley Quinn. Deadshot. Killer Croc. Enchantress. Captain Boomerang. Katana. They're dangerous. They're deadly. They're deeply unstable.

Their latest mission should be easy enough: recover a powerful cosmic weapon called the Black Vault from enemy hands. The Suicide Squad always gets the job done (mostly). But this time, when the weapon's dark influence spreads and the team is driven to madness and mayhem (more than usual), there's only one person sane enough to save the Squad from destruction... the Clown Princess of Crime herself, Harley Quinn!

Kami Garcia and Gabriel Picolo continue their New York Times bestselling *Teen Titans* series and give readers the romantic meet-up we have all been waiting for!

It seems like years, but it's only been a few days since Raven Roth recovered her memories; trapped her demon father, Trigon, in her amulet; and had her heart broken for the first time. Garfield Logan still can't believe he has powers that allow him to change into different animals, but the price of knowing that his parents kept this secret hidden from him just feels too high.

Both are seeking answers from the one person who seems to have them all figured out: Slade Wilson. When their paths converge in Nashville, Raven and Gar can't help but feel a connection, despite the secrets they both try to hide. It will take a great amount of trust and courage to overcome the wounds of their pasts. But can they find acceptance for the darkest parts of themselves? Or maybe even love?

This special edition features a chapter from the upcoming original graphic novel.

Before Rorschach and Laura can carry out their ill-fated plan to kill a presidential candidate, they first have to find a way into his political rally. Once that detail is uncovered, the rest should snap into place—especially if it turns out that their inside man was part of the rival campaign. The only problem is that man is dead, potentially killed by the very people he was trying to help, and as everyone knows, dead men tell no tales. Thank goodness, then, that crime scenes do!

Gotham's feline femme fatale skirts the line between right and wrong. Selina Kyle is a dangerous criminal whose claws aren't to be crossed, but she's also the city's Robin Hood, using her unlawful talents to help those in need. This rich contradiction has made Catwoman one of the most complex and compelling antiheroes in comics, and one of the most enduring villains in the Dark Knight's rogues gallery.

The 1950s was a decade of change for the Dark Knight Detective, one that introduced new friends—and foes! These tales include the debuts of Deadshot, future member of the Suicide Squad; the original Batwoman, Kathy Kane; Mr. Zero, who would go on to greater fame as the nefarious Mr. Freeze; the original Red Hood; and the pesky interdimensional pixie known as Bat-Mite. This was also an era of great inventiveness, with tales that revealed how Batman's own father, Thomas Wayne, was once a Batman himself; how Batman became a Superman-like hero on the distant planet Zur-En-Arrh; the secrets of Batman's utility belt; and the introduction of an all-new Batmobile.

Arkham Asylum for the Criminally Insane is a place of dismal corridors and oppressive shadows—a dark riddle in stone and timber, best left unsolved. Within its claustrophobic walls, the demented and deformed enemies of the Batman brood in padded cells and unlit cellars, dreaming of a day when they might rise up and overthrow the world of reason. That day has finally come.

It is April 1, and the lunatics have taken over the asylum. Led by The Joker, Arkham's inmates issue a terrible ultimatum to the man responsible for their imprisonment. The Batman must descend into this heart of darkness, confront his greatest foes, and face the truth of his own divided identity—or condemn himself to share their fate.

Written by legendary comics creator Grant Morrison and beautifully illustrated by artist Dave McKean, the timeless, genre-bending tale *Batman: Arkham Asylum* is brought back to its classic beauty in this deluxe hardcover edition, now with updated artwork lovingly restored by the artist himself!

In the aftermath of The Joker War, Bruce Wayne has lost his fortune, has lost his home, and has begun losing the battle for the hearts and minds of Gotham City's citizens. A groundswell of anti-vigilante protests pops up throughout Gotham, stoked by the mayoral candidacy of Christopher Nakano, a former police officer wounded in The Joker's war zone. Plus, mysterious new villain the Mirror rallies others to the anti-vigilante cause, taking to the streets and leading to violent encounters that show no true victor. This final volume of writer Peter J. Tomasi's run culminates in a battle with Robin, a hostage crisis with Hush, and the dawn of a new era for Gotham City.

Trade Paperback  
ISBN: 978-1-77951-327-4

In 1983, a state-of-the-art drilling ship, the Derleth, vanished near the Arctic Circle. Decades later, it has begun sending a distress call...

Tracing the signal to a remote atoll in the Bering Strait, the Rococo oil company hires the Carpenter brothers and their salvage crew to investigate the ghost ship. Joined by a marine biologist and an oil executive, the brothers set out on a grim mission to learn what caused the disappearance and recover the bodies of the crew...only to find that the Derleth's men aren't dead! Even if they're also not quite...*alive*...anymore.

A surreal and gory celebration of '80s horror, Joe Hill (*NOS4A2*, *Loche & Key*) and Stuart Immonen (*Amazing Spider-Man*, *Superman: Secret Identity*) dive into unfathomable terrors. Collects #1-6 with exclusive commentary and sketches.

Raised as a daughter by the queen of the Amazons, Diana is different from the rest of her countrywomen. They've all heard the legend of how she was formed from clay by the childless queen—and they treat her like an outcast because of it, no matter how hard she fights for justice as Wonder Woman in the outside world.

But far from the Amazons' Paradise Island, the gods of Olympus are playing their own dark games. The prodigal sun Apollo is making his move for his father Zeus's vacant throne, and both vengeful gods and innocent humans are caught in the crossfire.

And at the beating, bloody heart of the conflict? Wonder Woman, and a secret that will shatter everything she thought she knew. She is about to learn the truth about her origin. And when she does, blood will run...

From writer Brian Azzarello (*100 Bullets*) and artist Cliff Chiang (*Paper Girls*), *Wonder Woman: Blood and Guts The Deluxe Edition* collects issues #1-12 of the *New 52 Wonder Woman* series and behind-the-scenes extras!

Her first assignment is to save Donna Troy—a challenging task that will force Diana to battle her worst enemies. But will she also retake her role as Wonder Woman?

Acclaimed television writer Allan Heinberg (*Grey's Anatomy*, *Sex and the City*) teams up with the fan-favorite art team of Terry Dodson and Rachel Dodson for an action-filled adventure that will leave Wonder Woman fans breathless!

All six volumes of *Saga of the Swamp Thing* by Alan Moore, the writer of *Watchmen* and *V for Vendetta*, in one gorgeous slipcase box set!

Before *Watchmen*, Alan Moore made his debut in the U.S. comic book industry with the revitalization of the horror comic book *Saga of the Swamp Thing*. His deconstruction of the classic monster stretched the creative boundaries of the medium and became one of the most spectacular series in comic book history. With real-life issues explored against a backdrop of horror, Swamp Thing's stories became commentaries on environmental, political, and social issues, unflinching in their relevance.

Created out of the swamp by a freak accident, Swamp Thing is an elemental creature who uses the forces of nature and wisdom of the plant kingdom to fight the polluted world's self-destruction.

Alan Moore took Swamp Thing to new heights in the 1980s with his unique narrative approach. His provocative and groundbreaking writing, combined with masterly artwork by some of the medium's top artists, made *Swamp Thing* one of the great comics of the 20th century.
